John Lauritsen,
The California Chapter of Society of
Separationists, Inc., has sent me a zerox copy of your letter dated
May Day, 1976.

I would expect this kind of literature
to issue from a misogynist. I am a female head of an American
Atheist group. You are a cock-sucker. You like men and boys. You
don't like women. We don't have cocks for you to suck.

Also, we are not Marxists as you are.

Form your own group of cock-sucking
Atheist Marxists and be happy, kiddo; but don't count on me as an
ally.
